## The Auction

The rest of this booklet is a guide to the items that will be up for auction at Under the Hammer. **Please bring this booklet with you on the night.** For the ‘on stage’ auction, each item has been allocated a number and the order in which it appears in this booklet is the same order in which it will be auctioned on the night. Not every item will be auctioned on stage. Where there are two or more of the same item, one will be auctioned on stage with the remaining sold via silent auction (as marked in the booklet). There will be many opportunities during the night to place your bids. The second half of this booklet is a guide to the items selling via silent auction. **Please note that the silent auction will close at 8.40PM (when the auction – part II resumes).**

Each item has a recommended retail price. Please note that this is NOT necessarily what the item will sell for; rather, it is an indication of the value of the item.

All physical items will be on display at Under the Hammer and can be collected by the winning bidder on the night (post auction). All other items sold will be presented to the winning bidder as a voucher with all necessary details and information. To claim their prize, **it is the responsibility of the winning bidder to contact the donor** using the contact details displayed on the voucher. Each voucher will expire on 08/2011.

If you are planning to bid at Under the Hammer, **it would be very helpful if you could come prepared to pay for the item on the night.** Payment can be made by cash, cheque or credit card (there will be credit card forms). Thankyou for helping in this way.

**See you there!**
